

DESERET EVENING NEWS

TODAY'S WEATHER REPORT.

(Observations taken at 6 a. m. Mountain time.)
 Salt Lake City—Barometer, 30.76; current temperature, 33; maximum temperature, 48; minimum temperature, 20; mean temperature, 33; which is 9 deg. above normal.
 Accumulated excess of temperature since first of month, 2.56 deg.
 Total precipitation from 6 a. m. to 6 a. m., 0.1 inch.
 Accumulated efficiency of precipitation since first of month, .71 inches.
FORECAST TILL 6 P. M. THURSDAY.
 Local forecast for Salt Lake City and vicinity:
 Fair and colder tonight; Thursday fair and continued cold.
 For Utah (forecast made at San Francisco).
 Fair and colder tonight; fair Thursday.

WEATHER CONDITIONS.

The storm has moved rapidly and is now central over the upper Mississippi valley. The crest of an area of quite high pressure lies along the Washington coast and promises this vicinity colder weather for tonight and Thursday. Temperature has fallen over Washington, Oregon, Idaho, Nevada, Montana and Wyoming. It is generally warmer over the country east of the Rocky Mountains to and including the Mississippi valley. Precipitation has fallen along the Washington and Oregon coast and over Montana.

L. H. MURDOCH,
 Section Director.

LOCAL BRIEFS.

A son of Hon. and Mrs. James Ivers is down with diphtheria.
 The Warwick Social club will give a ball at Christensen's on Friday evening.
 James D. Bridgman has succeeded Dan Parker as tankman. The latter is now a deputy watermaster.
 Deputy Sheriff Samuel Dowse is open to congratulations today, a son having arrived at his home last night, and Sam's heart is glad.
 The State fish hatchery is in excellent shape. Fish and Game Commissioner Sharp says that 850,000 brook and lake trout are now being raised and are growing rapidly.
 Dun's Review: The usual January quavals at Salt Lake, although business is somewhat better than a year ago. Some grain is being moved and collections average well for the season.
 The Enterprise Debating society of the Second ward has arranged for a discussion to take place tomorrow evening at 7:30 in the Second ward meeting house. The question is, "Resolved, That Vaccination should not be practiced."
 County Superintendent Van Cott has called a meeting of the trustees of the county school districts to discuss tax levies and improvements. The meeting will be held on Saturday at 10:30 a. m. at the Twenty-fifth district school house at Murray.
 Marriage licenses were this morning issued to Andrew G. Lindberk, 43, of Centerfield, Sanpete county, Utah, and Helena J. Christensen, 28, of Sanford, Conchos county, Colo.; Hugh Connor, 32, and Elsie Gasser, 27, both of Salt Lake City.
 This evening the Harmony Glee club will give a concert at the Sixteenth ward meeting house. A number of favorites will participate, including Mrs. Lizzie Thomas, Edward, Miss Mabel Cooper, Miss Elsie Barrow, H. S. Engeln, and Thomas Ashworth.
 Over sixty people living along the Warm Springs and Liberty Park street car line have petitioned the city railroad company for better service. They call the company's attention to the fact that the cars are old, dirty and dilapidated, and the road bed so bad in places that ladies have been obliged to leave the cars and walk.
 The Baptist Mission and Sunday School has elected the following officers: Frank Lucas, superintendent; Miss Ida Whittemore, secretary; E. J. Marshall, librarian; Frank Walden, treasurer; C. J. McNutt, superintendent of Rio Grande mission; W. W. Randolph, superintendent at Burlington mission.
 The funeral of the late Moses Hirschman was held at the family residence, 1100 East Second, yesterday afternoon. The attendance of sorrowing friends was large. Henry Cohn, A. Stiefel, J. Aschehn, Alex. Cohn, Herman Bamberger and L. Waters were the pall bearers. The interment took place at the Jewish cemetery.
 We pay 4 per cent interest per annum on \$1 or thousands. Zion's Savings Bank and Trust company, Lorenz Snow, president; George M. Cannon, cashier.

UTAH COMMERCIAL AND SVGS HANG
 Interest paid on savings. W. P. Armstrong, pres. P. W. Madsen, vice-pres. J. E. Caine, cashier.
UTAH COAL.
 Castle Gate and Winter Quarters, Lump, Nut and Slack.
 D. J. SHARP, Agent.
 75 South, Main Telephone, 429.

CHRISTENSEN'S DANCING ACADEMY
 Gentlemen's class for beginners, will commence Monday, January 22nd, 7:30. The advanced class for ladies and gentlemen will be held open for applicants until January 22nd. The three juvenile classes will be held open for applicants until Saturday, January 27th.

BUSY SESSION OF CITY COUNCIL

Vaccination Was Not Discussed at Last Evening's Meeting.

COMMUNICATION FROM MAYOR

Recommend Improving Waterworks System in Accordance With Engineer's Plans.

Contrary to expectation, there was no discussion of the vaccination question at last evening's session of the City Council. The only reference to the subject was in the reading of the majority and minority reports of the municipal law committee. Both reports, under the rules, went over for one week.

WATERWORKS IMPROVEMENTS.

Mayor Thompson submitted a special report of City Engineer Kelsey, with respect to the making of improvements in the city's waterworks system. Mr. Kelsey urged that the work be done immediately, a suggestion the mayor acquiesced in. The engineer's recommendations are in part as follows:
 The water pipe in City Creek canyon supplying the first or lower district, Mr. Kelsey says, should be taken up and replaced with a larger pipe. The plan proposed by the city engineer is to take up the twenty-four inch and the twenty-inch pipes and replace them with a thirty-inch pipe from the tank to a point just above Third street, where it will connect with the present sixteen-inch pipe and with the twenty-four-inch pipe which will be relayed from this point to the head of East Temple street, where it will connect with the twenty-inch pipe which will be used for street mains on East South Temple street. This pipe line will deliver over 12,000,000 gallons per day, and if wood-stave pipe is used will cost, with connections, valves, etc., about \$24,000.

A serious defect in the present distributing system, according to the report, is that the mains are not large enough to deliver the present supply of water. The system is now one of small pipes without mains, and is entirely inadequate to supply enough water for ordinary use. The pressure in the pipe line is higher than necessary, while in the main part of the city it is too low—below that required for fire protection. Mr. Kelsey recommended that the city be divided into four districts instead of three, as at present, and the pressure reduced to a reasonable limit in that part of the city supplied by the City Creek high line. Larger mains are recommended, the estimated cost being \$65,000.

The construction of distributing reservoirs was also recommended to distribute the water properly and maintain a uniform pressure in the pipes. It was also stated that these reservoirs were needed for storing a supply of water, where it can be drawn from without delay in case of fire.

The recommendation was made that the excavation on Thirteenth East street be finished and lined with concrete. The reservoir would have a capacity of 5,000,000 gallons, and will cost \$23,000.
 The condition of Parley's creek watershed was next referred to by the city engineer, particularly with reference to the pollution of the water by stables, corrals and horses in the canyon. Mr. Kelsey recommends that the 600 acres of land now owned by outsiders and under irrigation in the canyon be bought from the owners, and the land in the Jordan and Salt Lake canal and the Jordan river at the Narrows. It was stated that daily measurements should be made and a record kept of the division of the water. The erection of a gauging station at Utah lake was also recommended and a daily record kept of the level of the water in the lake.
 The matter was referred to the committee on waterworks.

VACCINATION QUESTION.

A majority of the committee on municipal laws, composed of Thomas Whittemore, Robert W. Hartenstein, in the matter of Pernstrom's ordinance recommending the curtailing of the powers of the board of health with respect to vaccination, and recommended that the ordinance be adopted.
 The minority report, signed by Fernstrom and Hartenstein, read as follows:
 "We, a minority of your committee on municipal laws, beg leave to report as follows: That the ordinance recommending that a great majority of the inhabitants of this city are opposed to compulsory vaccination and that the action of the board of health, authorizing the board of education to exclude all unvaccinated children from the public schools is unfair to the children, unjust to the taxpayers of this city and un-American in its principles." The committee recommended the adoption of the majority report and the passage of the Pernstrom ordinance as amended.

On motion action on the proposed ordinance and two reports was deferred for one week.

FLUME IN BAD CONDITION.

Street Supervisor Condie called attention to the bad condition of the north bench ditch, which supplies the citizens of the Fourth precinct with irrigation water. The flume for a long distance, he said, is in a wretched condition, and unless repaired before high water season commences, serious damages will result. Supt. Condie asked that a special appropriation of \$1,000 be made for that purpose. Referred to irrigation committee.

City Engineer Kelsey presented a map showing the city and government land in the watershed of the streams from which Salt Lake City obtains its water supply. Received and filed.

City Engineer Kelsey recommended that arrangements be made with the East Jordan Canal company for the right to convey the city's share of the water from Utah Lake through their canal. Referred to irrigation committee, with city attorney and city engineer associated.

POLICEMAN DAVIES REMOVED.

Chief of Police Hiltz sent in a communication removing Ed. C. Davies, the bicycle policeman, "for the good of the service." Chief Hiltz also appointed as Davies's successor, Howard F. Wilson, a former member of the Hartenstein matter was referred to the committee on police and prison. No charges were preferred against the police officer.

City Attorney Stephens, in reply to a question submitted by the council, sent in a communication in which he gave it as his opinion that the county was charged with the care of indigent sick

persons, either in the city or county.

Referred to sanitary committee.
 The city treasurer, on motion of Thomas, was instructed to report to the council by next Tuesday evening the total amount of property and water taxes collected up to January 1, 1900, upon the levies of 1899; also the total amount of such taxes thus collected which were expended up to January 1, 1900.

Fourteen master plumbers petitioned to have the department of plumbing inspection, draining, etc., placed under the control of the board of health instead of the city engineer's department. Referred to committee on sewers.

NUMBER OF RECOMMENDATIONS.

City Auditor A. S. Reiser, in three communications addressed to the council, made the following recommendations: That the heads of the various departments be required to make out an inventory of the city's property in their possession; that an ordinance be passed providing that all vouchers and payrolls presented to the auditor from any department shall be accompanied by a certified statement from the head of the department showing the account to which such payroll or voucher is chargeable; that before final action is taken on any bill that the holder be required to swear to its correctness, and that the city recorder be requested to notify the council when that condition has been fulfilled. Referred to finance committee.

TAX LEVY APPROVED.

The tax levy for the construction of cement sidewalks on both sides of First West, between First and Second South streets, was confirmed by the council sitting as a board of equalization before the regular meeting of the council.
 George W. Reed sent in a communication suggesting that an appeal be taken from the recent decision of Judge Hiles, holding that a portion of the street between Third and Fourth streets and Dorn and others. Referred to attorney, with instructions to take appeal if it was not too late.

John A. Evans called attention to a former petition of his protesting against the street grading Ninth East, on B and Third streets. Mr. Evans claimed the grade was not being properly established. Referred to committee on streets with power to act.

Dan McFadden asked that names of streets and numbers of houses in plat J be furnished him and others. Referred to committee on streets.

Superintendent Hines was allowed \$120 to lower the water pipes between A and B streets below freezing point. The grading of Third street, between A and B, made this action necessary.

On recommendation of the improvements committee, an electric light was authorized to be installed at the intersection of Emigration bridge and Catherine Lewis offered to sell forty-five acres of land near the sewer outlet at \$15 an acre. Referred to committee on sewers.

RESIDENCE BURGLARIZED.

Richard Trezisi's Place Entered and \$48.75 Purloined.

A most deliberate and unique burglary was committed Monday night at the residence of Richard Trezisi, whose domicile is No. 257 east Third South street.

Some thief or thieves, entered the house through a rear window that had been left unlocked, and went through the pockets of Mr. Trezisi's trousers, securing \$28.75. The bold intruder next entered a room in which a friend of Mr. Trezisi was sleeping and gathered in \$20. The stranger of it all is that the \$20 was a greenback and was deposited between the leaves of a book that was lying on a table.

Not a sound was made to arouse the sleeper. The burglar was not discovered until quite late in the day. Another strange feature of the affair was that both of the gentlemen's gold watches, and a number of other valuable articles were left untouched. Tracks were made of the rear of the house and two or three dead leaves were found in a back room showing how an entrance was made. The burglary was reported to the police.

TO STOP EXPECTORATING.

H. R. Long Arrested Today for the Disagreeable Practice.

H. R. Long was arrested yesterday for expectorating on the sidewalk contrary to the ordinance in such cases made and provided. He was escorted to the police station by Officer Parry who made the arrest.

Chief Hiltz stated that he was pleased that the officer brought the man in as it will serve as a reminder to others. "In the last few weeks," said the chief, "I have stopped over 100 men and called their attention to the fact that they had been expectorating on the sidewalk. Often people will expectorate not realizing what they have done, but this standing on the corners and making a pool of tobacco juice on the sidewalk is a disgraceful thing. I want all the boys to do what Officer Parry has done."
 In court Long pleaded guilty to the charge and said that he did not know that an ordinance prohibiting his offense existed. "Well, let me go this time," but I'll let you go this time."

POSTOFFICE CHANGES.

Three Offices are Discontinued, and One Name Changed—Ishoah Office.

(SPECIAL TO THE "NEWS.")
 Washington, D. C., Jan. 23, 1900.—Utah postoffice discontinue at Harrisburg, Washington, county, mail to Leeds. Mariotti, Weber county; mail to Ogden.
 Peterboro, Cache county; mail to College.

A postoffice has been established at Nora Latah, Latah county, Idaho, and Peter C. Johnson has been appointed postmaster.
 The name of the postoffice at Brock, Carbon county Utah, has been changed to Harper.

CHURCH NEWS.

RELIEF SOCIETY.

Secretaries of the Relief Society who are delinquent are hereby reminded that their yearly reports are over due. It is earnestly requested that these reports be sent in immediately, as it is desired that every branch in Salt Lake county should be fully reported in this last report from the whole state, previous to its division.

14 Second East, Salt Lake City.

Stake Secretary.

Having a Great Run on Chamberlain's

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and he gets a great satisfaction in the fact that he is helping to stop the cough, heal up the sore throat and lungs and give relief without a very long wait. He says that he has seen many who try it are pleased with the prompt action.—South Chicago Daily Calumet.

JEWISH IDEA OF MORMONS.

Rabbi L. Weiss Delivers a Sermon on the Subject.

MORMONS ARE CHRISTIANS.

All Conceptions Christians Are Alike Right and Wrong—The Mormon Has Right to Teach His Religion.

Rabbi L. Weiss delivered an interesting address in the Walnut street synagogue last night on the subject, "How We Shall Treat the Mormons and Seventh Day Adventists," says the Chattanooga, Tenn., News of Saturday afternoon, January 13th. Three special anthems and the usual response constituted the musical program, under the direction of Mr. A. H. Morehead.

In the course of his remarks, Rabbi Weiss said:
 "In all time there have been those who considered all other religions wrong but their own, and who insisted that their own religion was right because it held on to certain forms of worship."

"The lives of men in Bible times are a criterion for us today. The requirements of those times are different from the requirements of today among enlightened people, but the ordinances of the old times are unchangeable, and are as valid today as when they were written."

"When I see the various so-called Christian denominations antagonizing one another, I not being a Christian, consider them all right and all wrong. They are all right as far as their honesty and sincerity are concerned, and in the fact that they follow the dictates of their own conscience. They are all wrong the moment they antagonize their fellow-religionists—the moment they impugn other Christian churches or religions, or teach intolerance for other fellow-men. I regard the Mormons and the Seventh Day Adventists as Christians. The Methodist is as right as the Baptist; the Baptist is as right as the Adventist; the Adventist is as right as the Episcopalian; the Episcopalian is as right as the Catholic, etc., etc. I don't care what religion a man belongs to, as long as he speaks the truth in his heart and walks uprightly."

"If a man antagonizes the religion of another man, he demonstrates the lack of true religion in his own heart. The spirit that today is needed in many breasts in this country."

"We hear of Mormons being outraged because they have a right to worship as they please. Is it right? I see no harm in the Mormons. They have as much right to preach their religion as I have to preach mine. We would have no right to disturb even a Buddhist who might come to this country to teach his religion. I cannot see that the Mormons are any worse than other Christians, and there is no human or divine law justifying the infliction of bodily harm on them. I say they are not a polygamous people, but they are law-abiding. Of course some Mormons may violate the laws against polygamy the same as some Christians violate the laws against stealing and committing murder, but shall we blame all the Mormons or all the Christians in either case?"

Rabbi Weiss also referred to the Seventh Day Adventists as a branch of Christians who have a right to worship God according to the dictates of their conscience. Any State law to prosecute them for doing so, he declared, is vicious.

A FIGHT IS ON.

Mayor and Attorneys to Take Action on the Jordan Water Question.

After the regular meeting of the City Council last evening the members held an executive session, at which Mayor Thompson, City Attorney Stephens, Assistant City Attorney Stewart and Richards & Varian, were given full power to protect the city's rights in the Jordan Narrows water question. At the regular meeting the communication from the Lamson Electrical Power company, notifying the Mayor that the city's water and the Jordan Narrows had been turned into the company's dune, was read, and on motion of Robertson Mayor Thompson was authorized to answer Mr. Lamson and inform him that the city denied his right to interfere in any way with its water from the Jordan river.

What action was taken at the executive meeting was not made public.

EXCURSION TO OGDEN.

Wednesday, January 24th.
 By the Oregon Short Line. Round trip only \$1. Special train leaves at 7 p. m. Returning, leaves Ogden midnight.

Buckeye Mining Stock.

Parties holding any of this stock will bring it in at once for registering. This is important.
 THOMAS E. TAYLOR, Secy.
 411 McCormick Block.

New York Stocks, Grain and Provisions.

Stocks carried on margins 2 per cent and 5 per cent.
 B. H. LAWVER & CO.,
 411 Auerbach Building.

DO YOU WANT AN ENGINE OR MOTOR?

The Deseret News has on hand a number of new steam engines, dynamos and electric motors, which are bought cheap if taken AT ONCE. Write for particulars.

A CHANCE FOR MANUFACTURERS.

If you are needing motive power from that power of water on a sewing machine to two hundred horse power, write to the Deseret News at once. You can get what you want at very low terms.

"PREACHING AND PUBLIC SPEAKING."

Of the 5,000 copies of this popular book published last year only three or four hundred remain and the author has decided to sell these through the ordinary agencies for church publications. Your local agent will order the book for you or it will be sent postpaid from the Deseret News Office, Cloth, \$1.00; Half Morocco, \$2.00.

A Point to Remember.

Ogden, Utah, Jan. 13, 1900.—Mary E. Pierce of this place says: "I take from three to six bottles of Hood's Sarsaparilla every year and as a blood purifier I find no other medicine equal to it. My health is now quite good." It is doubtless true that the use of this medicine, which has the effect of making the blood rich and pure, is of great benefit in warding off illness as well as in curing disease.

Beecham's Pills cure sick headache.

FOR OVER FIFTY YEARS

Mrs. Winslow's Soothing Syrup has been used for children's teething, soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. 25 cents a bottle.

The worst after effects of influenza arise from deranged functions of the liver. Clear the blood at once with HERBINE for it will strengthen the bilious system. Price 50 cents at Z. C. M. I. Drug Department.

A DIABOLICAL (?) DEED.

James Wilson Assaults a Dummy, Steals Its Overcoat and Runs.

James Wilson, erstwhile corresponding secretary of the famous "Hobo Eleven Tea-walking association," did a very unique trick last evening. He robbed a dummy! James was perambulating along Second South street when his eye fell on a dummy clad in a fine winter overcoat standing demure-

ly in front of Mullett's clothing store. Up and down the street James glanced and nobody was looking. Then he did a diabolical deed. He stripped the poor dummy of the coat and started up the street. But the fates were against him. He had proceeded about as far as the length of a string when something fell with a sickening thud. On his shoulder it was the hand of Officer Smith. Of course Wilson would not for a moment think of denying the theft, and actually appeared happy over the prospects of again gormandizing on Jailer Sol Kimball's famous bean soup. James was given apartment No. 8.

AMUSEMENTS.

The Nance O'Neill engagement keeps up to the full tide of prosperity. The seventh performance last night and the second of "Camille," drew a much larger house than that of the evening previous; today's matinee is already sold out, and there is an enormous demand for seats for both Friday and Saturday nights, when "Peg Woffington" and "Oliver Twist" will be the bills. On Friday evening a certain raise will be rendered entitled "Napoleon's Guard," in which Mr. Clement has the star role. Tonight will see the first rendition of the "School for Scandal," with Miss O'Neill in the part of Lady Teague.

Last evening the applause over her delineation of Camille was as unbounded as before. Many ladies were strongly affected by the death scene, and one young lady, Miss Sarah Under, was so overcome that she fainted and had to be taken home in a carriage.

The final rendition of "His Better Half" goes at the Grand tonight. The play is a comedy of good business and won strong favor, especially with the up stair patrons. Tomorrow night Mr. Mulvey announces the first exhibition here of the Jeffries-Sharkey moving pictures.

Tonight at the Sixteenth ward meeting house a most delightful program will be rendered by the Harmony Glee club, assisted by such well known talent as Mrs. Lizzie Thomas, Mrs. Mabel Cooper, Mrs. Elsie Barrow, H. S. Engeln, T. S. Ashworth, Willard Christopherson, Fred Graham and Prof. Daynes with the piano. A rare musical treat is in store for all those who attend. The concert begins promptly at 8:15 p. m.

Prof. Evan Stephens will be the guest of honor of his large musical family, the Tabernacle choir, next Monday evening in Christensen's hall. The entertainment will consist of the evening's program: social chat and dancing. The musical program will be rendered by the choir, its members and the Christensen orchestra. The ladies will then select refreshments, and the remainder of the evening will be devoted to dancing. Admission will be by ticket and the ladies and gentlemen of the choir and their escorts who expect to attend the social are requested to secure their tickets at the Tabernacle Music Co.'s store before next Thursday night, so that the committee will know what number to make preparation for.

It has been demonstrated repeatedly in every State in the Union and in many foreign countries, that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has been the universal remedy for that disease. M. V. Fisher of Liberty, Va., writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times."

The end of the Century Calendar. The great progress of the printer's art in the nineteenth century is strikingly marked in this closing year by the artistic calendar we have just received from N. W. Ayer & Son, newspaper and magazine advertising agents, Philadelphia. True to their motto of "Keeping everlastingly at it," Messrs. Ayer & Son have so made this calendar, year after year, that a demand for it has sprung up that always quickly absorbs the supply. This calendar's proportions are commensurate with its dignity as an art work, but its size is determined solely by utility. The figures are of the generous dimensions that quickly catch the eye and make it a favorite with business men; there are also suggestions accompanying each month's figures, and there is a rich ensemble of color and design. This edition will not last long; while it does, those who send 25 cents to the publishers will receive a copy postpaid.

THE MISSES RISENBERG OF THE Kenyon Clear Stand have removed to 134 S. Main. A fine stock of Cigars and Tobaccos.

FOR RENT.

40 HOUSES, ALL PRICES, KINDS and locations. Tuttle Bros. 149 Main.

FOR RENT—FURNISHED.

DESIRABLE BOARD AND ROOMS; house modern. 137 North Main.

FOR SALE.

THE NEWS HAS SEVERAL ENGINES, motors and dynamos for sale. All entirely new. Will sell cheap for cash or suitable trade.

IMPROVED FIRST CLASS FARM, in Porterville, Morgan County, Utah; about 120 acres. Can be subdivided into small farms; terms, part cash, or improved residence in Salt Lake City, balance time with six per cent interest. Apply N. S. Jones, 601 McCormick Block, Salt Lake City.

WHAT ARE THE REAL ESTATE MEN THINKING ABOUT?
